

Dear learners of TUSUR pre-university course!

This document summarizes important information about the study process, your arrival to Tomsk, your dormitory accommodation, and so on. Please do not hesitate to direct any further questions to us via **WhatsApp +7 913 877 0286** or e-mail **saa@main.tusur.ru**.

BEFORE THE ACADEMIC YEAR STARTS

Please make sure you have your study contract signed both by you and by TUSUR, and that your registration fee of 6000 rubles is paid. Send the receipt to **saa@main.tusur.ru** and get a confirmation letter from the University.

HOW YOUR STUDIES BEGIN

Classes will start online on the **5th of October**. One week before your classes start, you will be e-mailed information about your class and your teacher, and instructions on how to use the e-learning platform **sdo.tusur.ru**.

HOW THE COURSES WILL BE DELIVERED

The courses will be delivered online via **sdo.tusur.ru**, the e-learning platform developed by TUSUR University. The Russian language course consists of practical classes delivered in real-time, written assignments and individual work. You have to prepare for every class, revise what you have already learned and do your homework assiduously. Starting in January, your schedule will include engineering disciplines: physics, informatics, mathematics. Once a week you will have a Social Science class that will inform you about Russia, city of Tomsk, the University, educational system, cultural nuances of your studies and residence. This class is where you are encouraged to ask any questions about your education and stay in Tomsk.

TECHNICAL REQUIREMENTS

To make your online classes attendance useful and productive, please make sure that your computer satisfies the following technical requirements:

- PROCESSOR UNIT: 1.6 GHz minimum
- MEMORY: 1GB minimum
- HARD DISC FREE SPACE: at least 500 MB
- WEB BROWSER: last version of Chrome or FireFox
- RECOMMENDED SPEED OF INTERNET CONNECTION: 5 Mbps (reception)/1 Mbps (transmission)

HOW TO ARRIVE TO TOMSK

You can arrive to Tomsk as soon as the Russian government lifts its travel restrictions for international students. But what you can do now is prepare the documents for your visa application. You need to visit the web site of the Russian Embassy in your country and find the list of the documents necessary to apply for a student visa. TUSUR University will provide you with your study contract (normally you already have it), letter of admission and the official invitation. Please be aware that the official invitation cannot be issued until the travel restrictions are lifted. The remaining documents for your visa application will be your responsibility. When you have your visa, you can buy a ticket for Tomsk and arrive in TUSUR University to continue your studies on-campus.

HOW TO QUARANTINE AFTER ARRIVAL

When arriving to Tomsk, all international students are required to undergo a 14-day quarantine at the TUSUR Quarantine Center in its dormitory on 10 Lytkina Street. To check in the Quarantine Center, you need to present your passport for legally-required residence registration. The University will provide you with three meals daily and WiFi access free of charge for the duration of your 14-day stay. 10 days after checking in, you will be PCR-tested and if your test is negative, you will move to the international students' dormitory where a room will be booked for you. See you soon here in Tomsk!
